

### **Heather MacRae**

Heather is the latest member to the team at Gullane, bringing with her a wealth of playing experience after playing at the top of the ladies amateur game for the past few years. Heather joined us here in January as the reigning Welsh Ladies Strokeplay champion. Heather played off a handicap of +3 before turning professional in September 2007. Having studied at college and university in the United States, Heather returned home to win the British Ladies Strokeplay, and earned her place in the Great Britain and Ireland team, as well as an exemption to play in the Womens British Open where she tee'd up with the likes of Annika Sorenstam, and Lorena Ochoa.

Heather will be a welcome addition to our coaching staff, with the intention of specialising in ladies and girls coaching.
