

## Course No. 1

6,446 yards  
par 71  
5,913 metres

The eighteen holes of Gullane No.1 Course were established in 1884. The well maintained

greens, links grasses, numerous bunkers and sea breezes make a unique challenge for the serious golfer.

The 3rd hole was recently voted one of the top 500 holes in the world by Golf Magazine (USA). The world famous view from the highest point of the Course on the 7th tee across the course and over to Edinburgh, Fife and way beyond is worth the green fee alone. With every hole having its own distinct character, the Course is both memorable and enjoyable.

## Course No. 2

6,244 yards  
par 71  
5,710 metres

Gullane No.2 Course was built in 1898 and the first and last holes of the course are on the east

side of the A198 road. The Course runs alongside No.1 for the first seven holes and then sweeps down to the nature reserve next to Aberlady Bay, before turning back towards the Visitors' Clubhouse. One feature of the Course is its excellent short holes, particularly the 11th with its magnificent view and tricky club selection.

## Course No. 3

5,252 yards  
par 68  
4,775 metres

Gullane No.3 Course was completed in 1910, with the first three and last three holes on the

east side of the A198 road. The remaining holes are on the South side of Gullane Hill with excellent views across Aberlady Bay to Edinburgh and the Firth of Forth.

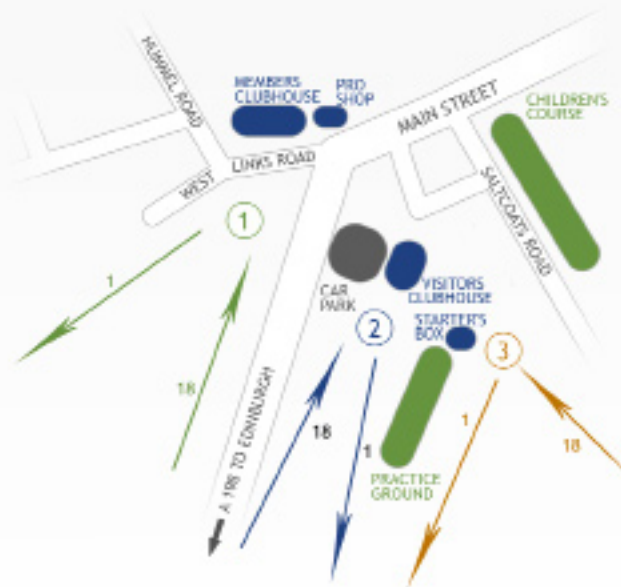

Do not be misled by the official yardage. This course will test even the most experienced golfer's ability at accurate shot making and truly is a gem.
